My Dear Mr. Dulles: -

I was reading our paper here in Phila. and found an article regarding our inquiries into the employees of our security council - Of course our country citizens have been amazed and as grievous over the two men, Martin and Mitchell who went to Russia - taking our codes and secrets to Khrushchev and the Communist.

How did such characters get employed in our Intelligence Bureau? Our press stated one of them was under psychiatric treatment for more than a year and had been absent in late 1959 for a month without permission - still they returned to work again -

Mr. Dulles, we are disturbed over the security of our nation our press - radio and T.V. tell us daily - almost hourly how Khrushchev ignores our demands that he must not go into the Congo - I just heard the Russians at U.N. were defying Ambassador Wadsworth's orders that they must get out of the Congo. We can see Khrushchev and Castro and Lumumba and others - do not obey laws nor

The brass of Khrushchev to come here
 to America - after he has insulted
 us and our dear president and
 Vice President Nixon and we are
 fully convinced he is up to no good
 coming to U.N. - He should be
 rioted and "Booed" and please Mr.
 Dulles, please do not allow this
 cruel man to roam our country.
 He has spies & spies in our
 country - You know this is true
 Ambassador Lodge told Khrushchev -
 "We shoot your planes with cameras"
 You shoot down our men and our
 planes in disobedience of all laws
 and treaties which mean nothing to
 them - they just laugh at our early
 punishment - when they are caught.
 So we must be sure we put a stop
 to them - before it is too late - we must -
 You know he is headed for Cuba
 and Castro. That would be a big grab
 for him - right at our door stop -
 Please Mr. Dulles - stop this Communist
 don't allow him to insult our president
 and spit in our faces - Let him know
 we have had enough and we want
 our RB47 boys and where are the
 other three not accounted for and
 what become of the plane I saw
 Ambassador Lodge show the map on
 T.V and point out the route of our
 plane - which he said they tried to
 force over Russian territory and then

shot it down and so far our two boys they admit they have in prison they will not even permit the Red Cross to see - we know they are liars and not to be trusted - Khrushchev said he would bury us alive -

He must not let him do this - He do not want war, no indeed - but we don't want Khrushchev pushing us around and we must tell him so!

Our dear president has done a good job. God bless him, surely no other president ever had so much disturbance - all over the world - He gets one riot settled, another breaks out - so we must rally to his service. I have survived depression and low wages - and I can say the working man and labor never lived so well and had so many comforts as we have had since World War # 2, especially last seven years, we used to have to wash by hand and no radio nor T.V. so I know today Americans generally live well.

There may be some who need help but some never tried to prepare for old age - they just want to depend on the government to keep them.

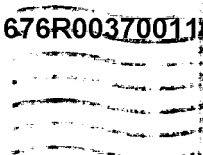

Mrs Dulles, I just wanted to tell you we are behind America 100% But please try hard to preserve our way of life and freedom - we must do this.

Every good wish to you
Mrs A. Wilson & son Warren
